**Subject:** Re: PFOA contamination

Hi Paul,

Just a quick note to say, "Thanks" for your offer to help and I look forward to receiving updated information which we can share with community water users. Things are moving in the right direction.

Feel free to contact Tom Ulasewicz who is one of the attorneys advising us. I have cc'd Tom on this message and he can be reached at 518-745-1400.

Thanks again and I look forward to receiving your information.

Dave

Mayor Borge: Can you please call me today at [212-637-3152](tel:212-637-3152)? I would like to speak with you about the PFOA water contamination issue. It's important that we connect before the Village finalizes the letter that it plans to include in the December 1 water bill.

Thank you

Paul Simon

Deputy Regional Counsel

EPA Region 2
